

Material Safety Data Sheet

Section 1: Product and Company Identification

Product: Source 4 Value Blue Bergamot

Telephone Contact: 212-684-5700

Issue Date: July 1, 2011

Supersedes Date: NA

Section 2: Hazards Identification

<u>Hazardous Ingredients</u>	<u>CAS #</u>	<u>OSHA PEL</u>	<u>ACGIH TLV</u>
------------------------------	--------------	-----------------	------------------

None	----	-----	----
------	------	-------	------

This product does not contain materials that are considered hazardous by OSHA 29 CFR 1910.1200. The product is labeled according to FDA guidelines with all ingredients listed. This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

HMIS: Health: 0 Fire: 1 Reactivity: 0

NFPA: Health: 0 Fire: 1 Reactivity: 0

Section 3: Physical and Chemical Properties

Appearance/Color: Dark blue semi-solid paste

Odor: Characteristic fragrance

pH: NA

Specific gravity (H₂O = 1): < 1

Melting point: 35 - 80°C

Evaporation Rate: Not established

Solubility in water: Insoluble

Section 4: First Aid Measures

Eye Contact: Rinse eyes with water for at least 15 minutes. Consult a physician if irritation persists.

Skin Contact: Wash with soap and water. If an irritation develops and persists, consult a physician.

Inhalation: If symptoms develop, move to fresh air. If symptoms persist, consult a physician.

Ingestion: Drink large amounts of water and seek medical attention. Do not induce vomiting.

Section 5: Health Hazard Data

Potential Health Effects

Eyes: None known

Skin: None known

Inhalation: None known when product is in paste form

Ingestion: May cause diarrhea

Section 6: Fire and Explosion Hazard

Flash Point: >200° F

Flammability Limit: Not applicable

Decomposition products: Oxides of carbon

Extinguishing Media: Treat as an oil fire. Use CO₂, dry powder, foam

Special Fire Fighting Procedures: None

Section 7: Stability and Reactivity

Stability: Stable

Conditions to avoid: Extreme heat

Incompatible Materials: Strong oxidizing agents

Hazardous Decomposition Products: Oxides of carbon

Hazardous Polymerization: Will not occur

Section 8: Accidental Release Measures

Spills: Eliminate sources of ignition. For small spills, cover spills and absorb with appropriate material (dry powder, dry sand, or Vermiculite). For large spills, absorb material and place into appropriate containers for disposal.

Disposal: Dispose of in accordance with Federal, State and Local regulations.

Section 9: Exposure Control/Personal Protection

Engineering Controls: Normal room ventilation adequate.

Personal Protective Equipment (PPE)

Eye/Face: None required

Skin: None required

Respiratory: None required

Other Protective Equipment: None required

Section 10: Handling and Storage Precautions

Handling: No special precautions required.

Storage: Keep container closed when not in use. Avoid high temperature in excess of 200°F.

Section 11: Toxicological Information

Acute Effects: None known

Irritancy and Corrosiveness: None known

Sensitizing Effects: None known

This material is not carcinogenic by the National Toxicology Program, International Agency for Research on Cancer or OSHA Reg. 29, CFR 1910 Subpart 2.

Section 12: Transportation Information

Department of Transportation (DOT) Requirements

Proper Shipping Name: Not regulated

Disclaimer: The information provided in the MSDS is correct to the best of our knowledge and information at the time of its publication. The information given is designed only as

guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The product to which this information refers is a product formulated for consumer use in a personal or professional setting. Source 4 Value makes no warranty, expressed or implied regarding the accuracy or completeness of this information or the results to be obtained from the use thereof.
